

## Protocol: Week 5

Written by Aditya Bharadwaj  
(10.07.2024)

### ToDoS before submission:

- MVC Structure
- The user should also be able to run the game from the terminal not specifically from any IDE
- Presentation; Strict 5 Minutes
- **ReadMe (Clean and well structured) - Yili**
- **CHANGELOG (Clean and well structured) – Adi**
- **JavaDoc, CheckStyle and SpotBugs – Everyone does these quality tests for their own code**
- **Finish the personal ToDoS**
- **Close the issues**
- **Merge the extra branches**

### Accomplished:

- We merged the dev branch into main
