Protocol: Week 3
Written by Aditya Bharadwaj
(26.06.2024)

Discussions:

Ques: Do we need a Hotseat Mode?
Ques: Do we keep a timer whole each player?
Ques: Do we want to use JavaFX?

Guidelines/Tips and Rules:

- Git Workflow

- Feature Branches:
  - Always create a new feature branch for new features and tasks.

- Changelog:
  - Maintain and update the Change Log for every change made to the codebase.

- Keep a ReadMe
- Write a Team Policy
- Pair Programming.

    - Use as many tools as possible!!!

Next Week Plans:

    - Finish the required part
    - Cleaner GUI
    - Organized Workflow
    - Communication
    - Testing, Testing and Testing
